Life at Bethel

Prayer request

~ *In the coming weeks, we want be intentional to include in our prayers some of the people in our community who are adapting their work to the demands of COVID-19 this fall.* This week, we remember in prayer the students preparing to return to school this week. Pray for students at all levels, from elementary school to university, as well as for their families.

Given the global reach of the novel corona virus (Covid-19), the most helpful hygienic practices are: stay home if you are ill; enjoy the outdoors with your household members; wash or sanitize hands frequently; keep physical distance of two meters between yourself and others; and consider wearing a face mask if among others outside your household.
